

INTERSTATE PUMP & TANK, INC.

901 NIAGARA STREET / WAUKESHA, WI 53186

PROVIDING SERVICE 24 HOURS A DAY / 7 DAYS A WEEK / 365 DAYS A YEAR

The State of Wisconsin New COMM 10 Code Changes for Flammable, Combustible and Hazardous Liquids Rules **Effective on February 1st 2009**

On February 1st of 2009 a new Department of Commerce COMM 10 Code for Flammable, Combustible and Hazardous Liquids goes into effect. The new revisions have some dramatic changes in store for retail fuel marketers, fuel and oil distributors and for most commercial / industrial industries that handle, store or dispense flammable, combustible or hazardous liquids. Planning new facilities, updating or expanding existing facilities and even leaving systems in place "as is" will also be effected by these New Rules.

Interstate Pump and Tank, Inc. (IPT) has over 35 years experience in the tank and pump industry and is a PEI Equipment Installer Member, State of Wisconsin & State of Illinois Certified petroleum equipment installer, tank remover and tank and line testing company. We can offer consulting, bid spec writing assistance, equipment, service and installations of new, expanded or upgraded fuel, chemical and hazardous liquid infrastructure. We specialize in, but are not limited to the following specialties:

1. Retail fuel station installations of tanks, pumps, sumps, dispensers, tank monitors, point of sale systems, canopies and related equipment
2. Commercial Industrial fuel storage and dispensing systems for Private & Municipal Fleets
3. Specialty fueling facility installations for Airports, Helicopter Pads and Marinas
4. Alternative Fuels: E-85, Propane and Bio-Diesel tanks and dispensing systems
5. Bulk fuel, motor oil and chemical storage, pumps, loading & metering systems
6. Power generator fuel storage and controls

We represent the top petroleum and chemical equipment suppliers in the industry.
